

Section 10-1811. Standards for on-site signs.

(a) Permanent signs.....

(16) One sign per business having a natural area set-aside where development is prohibited and the area is required to remain in its natural state as required by County land development regulations. This shall be a non-illuminated ground sign not to exceed 16 square feet and may include the names of persons and firms which have set aside the natural area. Such sign shall have only script and may not have symbols, badges, or logos advertising the business. The sign shall not count toward the maximum number of signs but will count towards the aggregate surface area of all signs in this article (Section 10-1811 (2) and (3)).
